

Sasha P

Singer/Musician

To Sasha Perrine (née Pontré) aka Sasha P, music was always her first love, driving her family crazy singing made up nonsense songs all day and night. In primary school she learned recorder with which she showed musical potential, so was offered the opportunity to learn flute which she willingly embraced, taking lessons for 6 years (1993-1998). Also in primary school Sasha enjoyed being a part of the school choir. As an extracurricular she took part in the Australian Music Education Board (AMEB) theory exams in 1997 and 1998, passing both grades 2 and 3 with honours.

Her love for singing lead to Sasha taking up private classical vocal lessons with June Percival in 1999 which she continued for 9 years. To assist her quality of performance she completed Speech and Drama lessons and passed Trinity International Examinations Board Grade 6 (2001) and 7 (2002) exams. Determined to continue improving her skills, she took on vocal group lessons with Oz Rock Music Academy (2000-2002) and even up until recently has taken part in various online seminars and vocal programs.

Sasha has performed at various venues and events around the Perth Metropolitan area, whether it be with other musicians or solo, she always presents with professionalism. She has also performed for private events from aged care concerts, to kid's parties, to impersonation and tribute shows.

Most notably, Sasha created and performed a Whitney Houston tribute show 'One Moment In Time' which launched at Friends Restaurant in 2017. In that format, the show also won a Music and Musicals Award nomination for Fringe World 2018 season. A few years later, she collaborated with another local artist, Craig Boladeras, a John Farnham tribute artist, creating a double tribute show titled 'A Moment in Paradise' and presented it at Fringe World 2020. More recently, in August 2024, Sasha re-launched the Whitney Houston tribute show in a new format with a live band re-naming it 'We Will Always Love You.'

After many years of teaching herself to play piano, starting with the family's organ, then keyboard, and finally getting a piano in 2002, Sasha decided in 2010 to commence private piano lessons with Cyda de Mello, to accompany herself when singing and also to assist when working on her original music.

Over the years Sasha has entered herself into various singing competitions, including;

- * 2007 - 'Star Search' (Cystic Fibrosis Fundraiser) Under 24's category - Winner
- * 2011 - Karaoke Idol at Northwood Alehouse Mirrabooka - Runner up
- * 2011 - Karaoke World Championships WA State Final - Winner
- * 2011 - Karaoke World Championships Australian National Final - Runner Up

Now with over 20 years singing experience, Sasha still has many new projects in mind, including one that she hopes will help others in their life struggles, believing music to have such power. Sasha is a captivating Perth based vocalist. With a voice that's both powerful and soulful, she has mastered the art of expressing raw emotions through music. Her journey as a singer is a testament to her ability to touch hearts and bring stories to life.
